EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. John D. Magluyan on 22 November 2006.

The application has been amended as follows:

- Claims 25-69 have been cancelled.

Allowable Subject Matter

3. Claims 1, 3, 4, 6, 9, 11, 12, 14, and 70-75 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The art of record either alone or in combination fails to adequately teach or suggest the claim taken as a whole and in particular the limitation of "forming sets of said attributes in response to said user selecting at least two of said programs having shared attributes, wherein each of said sets comprises at least two of said attributes". With respect to the art of record and in particular the previously applied rejection under McClard, the examiner's interpretation is that the creation of sets of attributes is formed in response to the user requesting a program recommendation as opposed to being in response to the particular intersection of attributes between programs. Accordingly, McClard fails to disclose or

suggest the limitation wherein the “sets of said attributes are formed in response to that at least two of programs viewed by said user have shared attributes”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
